

Emilie, AOC Muscat de Beaumes-de-Venise, VDN Rouge, 2024

AOC Muscat de Beaumes-de-Venise, Vallée du Rhône, France

A true delight !

PRESENTATION

A cherished indulgence of our great-grandmother Emilie, we chose to preserve a few vines to bring this unique and exceptionally rare wine back to life. The red version of the famous Muscat de Beaumes-de-Venise, this natural sweet wine is made exclusively from the rare Muscat Petit Grain Rouge grape variety.

THE VINTAGE

The year 2024 was characterized by mild and warm temperatures, though not extreme, along with high humidity. While the vines did not suffer from drought as usual, these unusual climatic conditions favored the early onset of downy mildew in spring, which significantly impacted the number of clusters and berries, leading to very low harvest volumes. On the other hand, the quality of the production is exceptional: concentrated and highly aromatic berries, relatively low alcohol levels, and excellent acidity.

HARVEST
